

# AquaBoost

## OIL-FREE MOISTURIZER

**WHAT IT IS:** This lightweight, oil-free hydrator replenishes hydration, softens texture, clears impurities, absorbs excess oil, and fights bacteria on oily and acne-prone skin.

- Helps to reduce the appearance of fine lines and wrinkles
- Replenishes hydration without feeling heavy
- Helps maintain a clear complexion
- Calms and soothes redness

**WHO IT'S FOR:** Appropriate for all skin types, especially oily, congested, acne-prone, and aging skin.

**HOW TO USE IT:** Apply a small amount to a clean face and neck after applying serum of choice. May be used AM & PM. Follow with appropriate sunscreen.

**CONTRAINDICATIONS:** Pregnancy, nursing, aspirin allergy.

**AVAILABLE SIZES:** Retail Size 1 FL OZ (30 mL) | Professional Size 4 FL OZ (118.29 mL)

## KEY INGREDIENTS

|                                                        |                                   |                                                                                                                                                                                                                                |
|--------------------------------------------------------|-----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Bodyfensine®</b>                                    | Antimicrobial & Balancing Peptide | Enhances the skin’s natural defense system to protect against microbes and pathogens. Helps balance sebum production and improve skin moisture.                                                                                |
| <b>Mushroom Stem Cell Extract, .02% Salicylic Acid</b> | Cell Renewal                      | Increases cell renewal and turnover and improves skin hydration level.                                                                                                                                                         |
| <b>Telangyn™</b>                                       | Anti-Redness Peptide              | Helps to reduce the appearance of facial redness and inflammation.                                                                                                                                                             |
| <b>Syn™-COLL, Venuceane™</b>                           | Collagen-Boosting Complex         | Helps to promote a healthy collagen network by stimulating collagen and protecting against collagen breakdown due to photo-aging and other stressors.                                                                          |
| <b>AcquaCell</b>                                       | Hydrator                          | An advanced natural blend of watermelon rind extract, lentil fruit extract, and unripened apple and apple skin that improves skin tone and moisture and deeply improves the appearance of fine lines, wrinkles, and flakiness. |
| <b>Hyaluronic Acid, Honey</b>                          | Humectant                         | Attracts hydration to the skin for a softer, more moisturized feel.                                                                                                                                                            |
